

Eika Boligkreditt

Investor presentation

March 2021

Executive summary

• The economy

- GDP-growth -2.5% in 2020, but rebound expected in 2021
- COVID-19 related measures will weaken budget by NOK 131 billion to a deficit of NOK 392 billion in 2020 financed by increased transfers from Pension Fund Global (3.9% of ingoing value of fund)
- Unemployment rate 4.3% in February 2021
- Strong housing market, house prices +11.2% post COVID-19
- Lower petroleum investments (-4.2% in 2020 and expected -3.0% in 2021)

• Robust, local saving banks

- 3rd largest Norwegian banking group
- Focus on retail lending
- High asset quality with low levels of doubtful & non-performing loans, low LTV and no direct exposure to oil/offshore
- Strong and diversified deposit base
- Strong capitalization and high level of liquidity buffers
- Strong position in the local markets

• Conservative cover pool

- Maximum 75% LTV for mortgages at origination and strict underwriting criteria
- No arrears or losses since inception
- Prudent risk management with regards to refinancing, liquidity, currency, interest rate and counterparty risk
- Credit guarantees from the distributors and capital and liquidity support agreements with the owners

Source: NAV, February 2021

- A stable economy has ensured a high rate of employment historically
- After the COVID-19 outbreak unemployment has increased dramatically due to temporary lay-offs, but labour market have improved since primo April. Labour market have deteriorated somewhat lately after stricter measures in January due to mutant COVID-19 spread to Oslo region

- Significant growth in employment since 2016 until COVID-19
- 4.3% unemployment rate, up from 2.3% before COVID-19 measures implemented, but down from local high of 10.4% March 24th

- A strong welfare system provides significant income protection: unemployment benefit is 62.4% of salary (capped at NOK 599,148) for a minimum of 104 weeks. COVID-19 related measure is to increase benefit to 80% of first NOK 300,000

The Norwegian economy – post COVID-19 outbreak

Source: Statistics Norway, Konjunkturtendensene 1/2021

- GDP growth contracted by 2.5 % in 2020 driven by reduced private consumption, reduced investments and reduced export.
- Rebound in GDP expected in 2021 with growth of 3.3% driven by a reversal of negative development in private consumption and export in 2020.

Source: Statistics Norway, February 2020

- The Norwegian economy contracted in March and April (-10.5%) but have showed a strong rebound from May to October. Mainland GDP contracted 2.5 % in 2020 after +1.9% in Q4.

The housing market characteristics in Norway

| | | | |
|----------------------------------|---|-----------------------------|---|
| <h2>Home ownership</h2> | <ul style="list-style-type: none"> • Among the highest in the world – 76.8% are owner-occupied households • Total size of the mortgage market NOK 3,300 bn (EUR 320 bn) | <h2>Personal liability</h2> | <ul style="list-style-type: none"> • Borrowers personally liable for their debt – also following foreclosures and forced sales • Prompt and efficient foreclosure process upon non-payment • Strong incentives to service debt reflected in low arrears • Transparent and reliable information about borrowers available to the lenders |
| <h2>MoF lending regulation*</h2> | <ul style="list-style-type: none"> • Mortgages maximum LTV 85% (60% for secondary homes in Oslo) • Mortgages with an LTV > 60% are required to be amortizing • Debt service ability is stress tested for a 5% - point increase in interest rates • Total debt over gross income less than 5 • Flexibility quota per quarter 10% (8% in Oslo) | <h2>Mortgage lending</h2> | <ul style="list-style-type: none"> • Typical legal maturity 25-30 years, on average 22-23 years • 94.4% of residential mortgages have variable interest rate (Q4 2020) • Lenders allowed to adjust interest rates with a six week notice • No “sub-prime” market in Norway • Very limited buy-to-let market |
| <h2>Tax incentives</h2> | <ul style="list-style-type: none"> • All interest expenses are tax deductible in Norway at capital gains tax rate (22%) • Preferential treatment of properties when calculating the wealth tax (0.85%) • Capital gain on a dwelling tax-free after one year of occupancy by the owner | | |

* November 15th 2019 the Ministry of Finance decided to continue the current mortgage regulation unchanged with effect from January 1st 2020. Current regulation expired 31 December 2019. Renewed regulation expires December 31st 2020. Due to Covid 19 the flexibility quota was increased to 20 percent on March 23rd for Q2 and June 11th the increased flexibility quota of 20 percent was extended for Q3, but will not be extended for Q4

The housing market – Price development

Nominal house price development

Source: S&P CoreLogic Case-Shiller US National Home Price NSA Index, Danmark statistik EJ14, Valueguard HOX® Index, Eiendomsverdi, Desember 2020– February 2021

House prices larger cities (twelve-month change)

Source: Eiendom Norge, Eiendomsverdi, Finn.no, NEF, February 2021

House prices (monthly and twelve-month change)

Source: Eiendom Norge, Eiendomsverdi og Finn.no, February 2021

- Nominal house prices have increased by an average of 6.5% per annum since 2000
- The Norwegian housing market stabilized in 2018 and 2019 after volatile price development in 2016 and 2017. +8.7% in 2020, +11.2% post COVID-19

- House prices was expected to show some correction after COVID-19 in 2020 and 2021, but to pick up again from 2022. The housing market had outperformed expectations post COVID-19
- Small risk for a sudden and significant downward correction in house prices going forward

- Median house price (last 6 months) in Norway is € 285 000, median house price in Oslo is € 372 000
- Average m² price last 6 months in Norway is € 3 788 , m² price in Oslo is € 6 568

The housing market – Drivers of the housing market

Housing starts (twelve-month change)

Source: Statistics Norway, January 2021

- Housing investments and new home construction are expected to remain at current levels going forward after a moderate growth last two years. Housing starts down by 5 % in 2020 compared to 2019

Population growth

Source: Statistics Norway, Q4 2020

- Net immigration down from above 47,000 in 2011/12 to 11,000 in 2020 and -1,828 in Q2 2020. Net immigration in Q2 2020 was the first negative quarter since interception of this statistic series in Q4 1997.
- The population growth of 0.9% p.a. since 1997 has been driven both by excess birth rate (38%) and net immigration (62%)

Interest rates

Source: Norges Bank, MPR March 2021

- Average variable mortgage rates was 1,83% in January. Development going forward will depend on the developments in the level in money market rates and funding costs and the competition between banks

Households financial position

3rd largest Norwegian banking system

- **The Eika Alliance consist of a group of 63 Norwegian local banks¹, Eika Gruppen and Eika Boligkreditt**

- Total assets EUR 40 bn
- 850,000 customers
- 2,170 employees
- 211 branch offices

- **The banks have a wide geographical reach (presence in 10 out of 11 counties) with a strong position in the vibrant economic centres in Central and Eastern Norway**

- **Local banks with a unique market position**

- The Eika banks ranks high on client experience
- Local based knowledge and credit committee decisions
- Perceived to care about their clients

- **Market share in lending to retail customers**

- Up to 80% in local markets (except the largest cities)
- 10.6 % market share retail lending in Norway

¹ 10 banks have given notice of termination of its agreements with Eika Gruppen. These banks in total own 12.1% of the shares in Eika Gruppen. The 10 alliance banks will leave the alliance when their agreements terminate on 31 December 2021. These banks have transferred 15.8% of the portfolio in Eika Boligkreditt. Eika Boligkreditt have given notice of termination of distribution agreement with effect from January 1st 2022. See appendix for a description of the effect of cancellation of the distribution agreement.

The Eika Alliance

Eika Boligkreditt AS

Covered Bond Funding

Eika Gruppen AS

- Provides products and services to bank clients
- Provide services to banks
- Infrastructure / IT
- Strategy and Lobbying

Bank2 and Sandnes sparebank are only shareholders in Eika Gruppen AS. OBOS is only shareholder in Eika Boligkreditt AS. OBOS is the largest Nordic Cooperative Housing Association, established in 1929 and is owned by 454,000 members, mostly located in the Oslo-area. More information about OBOS can be found on www.obos.no
 * The 10 banks that have given notice of termination to Eika Gruppen

Achieving economies of scale, while being local

I. Eika banks

- The saving banks are independent banks with very strong local focus, and operate solely in the local markets where they have been active for almost 200 years

II. Eika Gruppen

- The smaller Norwegian Savings banks established the Eika Alliance in 1997.
- Efficiency in banking operations and IT infrastructure
- Realize the economics of scale
- Jointly owned product companies (insurance, mutual funds etc)
- Shared resources to handle regulatory changes

III. Eika Boligkreditt

- Provider of covered bond funding

Efficiency

- Work as if one integrated entity
- Operational integration
- Offer non-core banking products through jointly owned product companies

Alliance programme

Total funding sources

Source: Bank analyst Eika as of Q2 2020

Focus on retail customers

- Eika banks have a large and stable retail customer base
- Retail lending accounts for 80.8% of Eika banks' total lending
- Eika banks have a higher share of retail lending compared to the other Norwegian peers
- Retail lending consist predominantly of mortgage collateralized housing loans (approx. 93% of total)
- Low average LTV of 53.1% in mortgage portfolio

Local market focus

- Decisions are made close to the customer and transaction originations
- Each bank continues to develop its link with its local community
- Keeping its own name and legal identity

Separate legal identities and a common support brand

Retail share - Eika vs. peers

Source: Bank analyst Eika as of Q4 2019

Breakdown of the Eika banks lending

Source: Bank analyst Eika as of Q2 2020

High asset quality

- Conservative risk profile within the banks
- Eika banks have low exposure to the corporate sector with no lending to shipping, oil sector and relatively low exposure to commercial real estate
- Few non-performing and doubtful loans
 - Gross non-performing loans constitute 0.74% of gross loans Q2 2020
 - Gross doubtful loans constitute 0.61% of gross loans Q2 2020
 - Provisioning ratio on problem loans of 44.3% Q2 2020
- Gross problem loans relative to equity + loan loss reserves was 9.1 % in Q2 2020, up from 9.5 % in Q4 2019
- Coronavirus outbreak will increase loan losses in 2020
 - Relatively low corporate share and low/no exposure to many particularly vulnerable industries
 - Level depends on the extent and length of the coronavirus epidemic, as well as the countermeasures implemented. We expect loan loss of around 0.3% to 0.4% of gross loans in 2020 vs. 0.07% in 2019
 - Loan losses in 1H20 were step 1 and 2 provisions (general provisions). Loan losses in 1H 2020 were 0.34% of gross loans

Low LTV in mortgage portfolio (bank book)

Sector breakdown of the loan book (incl. EBK)

Source: Bank analyst Eika as of Q4 2019

Strong capitalization

- Strong capital ratios – Q4 2019**

- Common equity ratio (CET1): 19.5%
- Core capital ratio: 20.9%
- Capital ratio: 22.9%
- Equity ratio (Equity/Total assets): 11.2%

- All Eika banks are well capitalized (core capital ratio)**

- Lowest: 18.3%
- Highest: 26.5%

- All Eika banks use the standard approach under Basel II and therefore increase in mortgage risk-weights will not impact capital levels of Eika banks**

- If Eika banks were using the IRB method, the core and capital ratios are estimated to have been at 27.3% and 29.8% Q4 2019**

Core capital ratio – Eika banks

As of Q4 2019

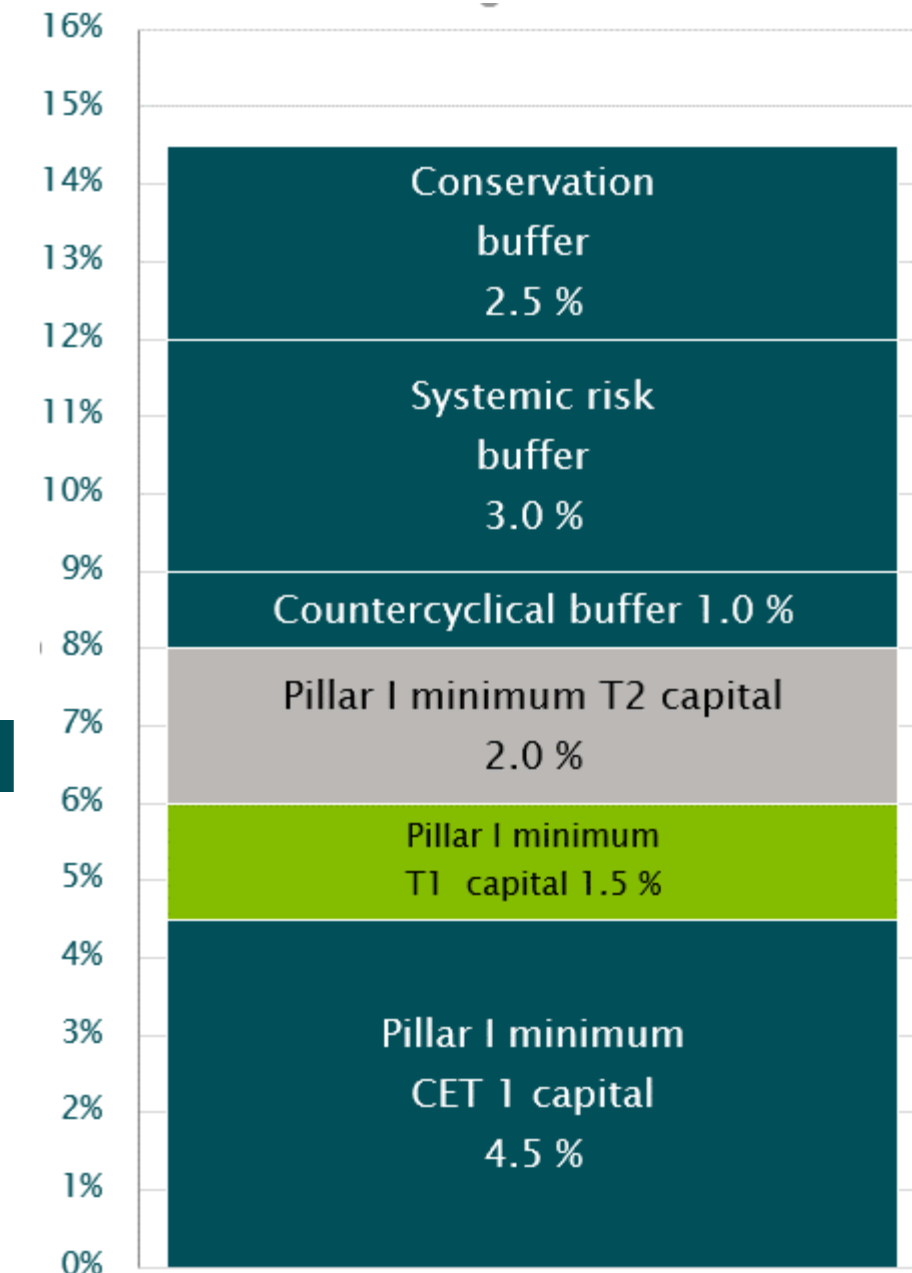

Capital ratio - Norwegian banks

As of Q4 2019

Minimum capital requirements for Eika Banks*

* The countercyclical buffer was decreased from 2.5 percent to 1 percent with immediate effect from March 13th 2020. No Eika Bank has SIFI requirements

Eligibility criteria for mortgages in the cover pool

I. Customer categories

- Norwegian residents (Retail)
- Cooperative housing associations (common debt between multiple individuals)

II. Credit Criteria

- Eika Boligkreditt sets the credit policy for acceptable mortgages for the cover pool (credit manual)
- No arrears

III. Collateral

- Max LTV 75% at time of origination (same as Norwegian legislation)
- Recent valuations (within 6 months at time of origination)
- Quarterly valuation from independent 3rd party, documented

IV. Type of properties

- Stand alone residential mortgages
- Cooperative housing residential mortgages

V. Type of products

- Principal repayment loans (currently no flexi loans)
- Fixed and variable interest rate loans

VI. Origination process

- Loan-by-loan origination

Structure of liquidity and capital support from owners

- **The Note Purchase Agreement (NPA)** is structured to ensure that EIKBOL has liquidity, at all times, sufficient to pay the Final Redemption Amount of any series of Notes in a rolling twelve month period
- **The Shareholders' Agreement** is structured to ensure that EIKBOL will uphold a sufficient capital adequacy ratio at all times. The Owner Banks are obliged to pay their pro-rata share of any capital increase adopted by EIKBOL's general meeting and of any capital instruments to be issued
- **The Distribution Agreement** is structured to provide servicing of the mortgages and includes credit guarantees for mortgages transferred to EIKBOL and a revolving credit facility between Eikbol (borrower) and Eika bank (lender) for the value of mortgages exceeding 75% of the value of the collateral

Summary of the mortgages in the cover pool

| | |
|-----------------------------------|-------------|
| Nominal value | EUR 8.5 bn |
| Number of loans | 54,375 |
| Arithmetic average loan (nominal) | EUR 156,045 |
| WA LTV (indexed) | 47.4% |
| WA seasoning (months) | 32 |
| Loans in arrears (over 90 days) | 0.0 |
| Over-collateralization * | 11.0 % |

Type of collateral

■ Residential (stand-alone) ■ Residential (cooperative housing)

Indexed LTV distribution

■ 0 <= 40 ■ 40 < x <= 50 ■ 50 < x <= 60 ■ 60 < x <= 70 ■ 70 < x <= 75 ■ 75 < x

COVID-19 situation – Credit quality of the cover pool

Eika Boligkreditt has never experienced mortgages being delinquent for more than three months since startup of company

- After the COVID-19 outbreak and the increase in unemployment there has been an increased demand for payment holidays and to temporarily pay interest only.
- The graph on the bottom right shows monthly data for granted applications to pay interest only for a limited period.

Eika Boligkreditt has the following policies regarding payment holidays/temporarily interest only for mortgages

- LTV ≤60%, variable mortgage rate – Banks can grant an interest only period for up to 10 years
- LTV >60%, variable mortgage rate - Banks can grant an interest only period for up to 6 + 6 months
- Fixed mortgage rate - Banks can grant an interest only period for up to 6 + 6 months
- Interest & repayment – Banks can grant a grace period for up to 6 months. The interest is added to the principal. The maturity of the loan is extended with the grace period. The principal after the grace period cannot exceed original principal for the mortgage.

Granted payment holiday applications

Granted interest only applications

Current funding

- EIKBOL has the objective to be a frequent benchmark issuer in both EUR and NOK covered bond markets
- Redemptions within any future 12-month rolling period should not exceed 20% of the gross funding at the time of redemption
- Targeting a level of liquidity covering redemptions the next 12 months
- Balance sheet hedged to 3M NIBOR on both asset and liability side

Strategic framework for sustainability in the Eika Alliance

- Eika uses an integrated strategy for the whole Eika Alliance, which sets a common standard for ambitions and goals based on a suitable ESG framework for sustainability
- The Eika vision of <<**We strengthen the local bank**>> describes our desired future development. Our core business thereby supports the moral and ethical compass of the local banks and the societal engagement discharged by the local savings banks in the Eika Alliance
- 3 pillar approach: (i) **sustainable local growth and change**, (ii) **sustainable financial products**, and (iii) **responsibility and sustainability in internal operations**

Local bank 2023 Initiative
Strong and caring local banks. Driving force for growth and development for you and your local community

Eika's main UN SDG & UNEP contributions

Eika Alliance supports the following SDG's and considers that the most relevant approach is to give emphasis to:

Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all.

Make cities and human settlements inclusive, safe, resilient and sustainable

Take urgent action to combat climate change and its impacts

Eika Gruppen has signed the UN Environment Programme Finance Initiative (UNEP-FI), pledging to follow UN guidance for banks in their sustainability efforts

1. Align its business strategy to be consistent with and contribute to individuals' needs and society's goals in accordance with the SDGs
2. Continuously increase its positive impacts and ESG managing risks to, people and the environment and, to this end, establish and publish targets for areas where the most significant impacts can be achieved
3. Work responsibly with the local banks and customers to encourage sustainable practices
4. Proactively and responsibly consult, engage with and partner with relevant stakeholders to achieve society's overarching goals
5. Pursue its commitment to these principles by implementing effective management tools and a culture of responsible banking
6. Periodically review its individual and collective implementation of these principles and be transparent about and accountable for its positive and negative impacts and its contribution to society's overarching

CO2 Footprint Analysis of the Cover Pool – Background

- Norwegian buildings are predominantly heated with electricity
- Norway has one of the greenest energy source mix for electricity (>97% renewable energy =93% Hydro & 4% wind)
- The carbon intensity for the lifetime of a Norwegian residential building = 124g CO₂/Kwh, this compares to much higher carbon intensities for other European countries¹
- Over time, residential buildings in Norway have become more energy efficient – analyzing building codes provides a robust proxy as this data is available for the entire building stock (unlike EPC labels which represent ~50% of all buildings)
- With each new building code, energy efficiency standards for buildings have improved over time
- Multiconsult has estimated the CO₂ footprint of the entire Eika cover pool on this basis

¹ taking into account the importing of electricity via the interconnected European grid

CO2 Footprint Analysis of the Cover Pool – 2020

- As part of our 'Strategic Framework for Sustainability', Eika values increased disclosure in terms of scope 3 carbon impact
- The current portfolio, as of December 31st 2020, represents:
 - Yearly energy demand of 2 118 GWh
 - Yearly emissions of 261 504 tons CO₂ eq. for collateral and 114 603 tons CO₂ eq. for Eika funded share of collateral

Distribution of the Eika cover pool by EPC label YE2020²

² EPC labels represent only 34% of the Eika cover pool, hence this is not fully representative of the entire cover pool

Current distribution of the Eika cover pool by building code YE2020

Eika cover pool CO2 footprint YE2020³

³ Portfolio CO2-emissions related yearly use in energy demand distributed by age of building

New Green mortgage products

1. Green Mortgages (Construction or Purchase)

New Green Mortgage Product

- In the fourth quarter 2020 the Eika Alliance banks launched an inaugural common green mortgage product.
- Green mortgages are mortgages secured by energy efficient housing with favorable loan interest rates.
- With a green mortgage, you **typically get lower interest rates** compared to a non-green mortgage (sample average in Eika 0.3%, range 0.1-0.6%).

Loan criteria

- The criteria for the mortgage product are based on Energy Performance Certificates (EPC).
- The criteria for qualifying for the green mortgage product in Eika will be an EPC of A or B.

2. Green Mortgages (Refurbishments)

New Green Refurbishment Product

- In the first quarter 2021 the Eika Alliance banks plan to launch a green mortgage product relating to refurbishments.
- A lower EPC may qualify for refurbished residential buildings in Norway with an improved energy efficiency of minimum 30% due to a combination of measures like:
 - insulation of old construction (walls, roof, floor, windows, doors)
 - balanced ventilation
 - night set-back of temperature
 - energy efficient lighting appliances
 - solar cells or collector
 - heat pump air to air, air to water, water to water or exhaust fan

ESG Ratings in Eika Boligkreditt

MSCI
Sustainalytics

- A (scale AAA-CCC)
- 25.1 risk rating

ISS ESG

- C-
- #35 out of 129 companies within the Financial/Mortgages & Public Sector Finance sector
- 3rd decile ranking

Norwegian Client
Experience Index (CEI)

- 74.6/100
- #4 rank out of 149 companies/brands across 33 sectors

We are working to build relationships with the ESG rating agencies to improve our scores through regular engagement with them and providing transparent data that they can collate, track and benchmark

Eika's roadmap towards sustainable banking

In light of its sustainability objectives and its strategy, Eika has established a Green Bond Framework

Agenda

- The Norwegian economy
- Eika Alliance
- Eika Boligkreditt
- ESG at Eika
- Eika Boligkreditt' Green Bond Framework
- Appendix
- Disclaimer

Eika Boligkreditt Green Bond Framework

Use of proceeds:

Allocation of the net proceeds of the Green Bonds to a loan portfolio of new and existing mortgages for energy efficient residential buildings in Norway

Process for Project Evaluation and Selection:

Eika Boligkreditt will select and track the Eligible Green Loans based on information from the official Land Register. The information is received from a third-party, Eiendomsverdi

Management of Proceeds:

Eika Boligkreditt intends to allocate the proceeds from the Green Bonds to a portfolio of loans that meet the Eligibility Criteria and in accordance with the evaluation and selection process

Reporting:

Pre-issuance Allocation and Impact Reporting will be made available to investors.
Eika Boligkreditt intends to report to investors within one year from the date of a Green bond transaction and annually thereafter. Reporting will be on both the Allocation and Impact of the proceeds from green bond issuance

External Review:

ISS-ESG has provided a Second-Party Opinion (including on EU Taxonomy alignment) on Eika Boligkreditt's Green Bond Framework¹. Eika has received CBI certification. Eika Boligkreditt may request a limited assurance on the Allocation Report

Use of Proceeds Criteria

Eligible use of proceeds categories: Green Residential Buildings

1. New Residential buildings in Norway (built after 2009)

- New or existing Norwegian apartments that comply with the Norwegian building codes of 2010 (TEK10) or 2017 (TEK17). Hence, built after 2012
- New or existing Norwegian other residential dwellings that comply with the Norwegian building codes of 2007 (TEK07), 2010 (TEK10) or 2017 (TEK17). Hence, built after 2009

2. Residential buildings in Norway (built before 2009)

- Existing Norwegian residential buildings built using older building codes than TEK10 for apartments and TEK07 for other residential dwellings with EPC-labels A, B and C. These buildings may be identified in data from the Energy Performance Certificate (EPC) database

3. Refurbished Residential buildings in Norway with an improved energy efficiency of 30%

One of two criteria below must be met:

- Refurbished Norwegian residential buildings with at least two steps of improvement in energy label compared to the calculated label based on building code in the year of construction
- Refurbished Norwegian residential buildings with at least a 30% improvement in energy efficiency measured in specific energy, kWh/m², compared to the calculated label based on building code in the year of construction

Alignment with international initiatives & involved parties:

| ICMA GBP category | UN SDG | TEG Report Technical Screening Criteria | TEG Report Do No Significant Harm & Minimum Social Safeguards | Consultants & Third Parties |
|-------------------|--|--|---|---|
| Green Buildings |   | <ul style="list-style-type: none"> • Top 15% approach for buildings built up until end 2020 • ≥30% improvement in Primary Energy Demand for refurbishments | <ul style="list-style-type: none"> • Compliance with international, national and local Regulation and monitoring of environmental and social risks • DNSH and Minimum Social Safeguards met in accordance with ISS-ESG SPO in alignment with the EU Green Bond Standard |    |

Project Evaluation and Selection

Process for Project Evaluation and Selection

This Framework & Green Assets are managed by a dedicated Green Bond Committee. The committee consists of: CEO, CFO, CCO and another representants from the Treasury Department in Eika Boligkreditt as issuer, and the CSR department in Eika Gruppen.

The Green Bond Committee will meet on a regular basis (at least annually) and will conduct an additional review on the selected mortgages to ensure ongoing compliance with the Eligibility Criteria.

Eligible Green Loans selected and tracked based on information from the official Land Register. Information from the Land Register regarding building year used to determine the Eligible Residential Green Buildings.

All residential mortgages within the Cover Pool are originated in line with Eika credit risk policies. Loans secured by mortgages on Eligible Residential Green Buildings are selected as Eligible Green Loans. All selected Eligible Green Loans comply with official national standards and local laws and regulations.

Management of Proceeds

Portfolio Approach

- The proceeds from Green Bonds will be managed by Eika Boligkreditt in a portfolio approach.
- Eika Boligkreditt intends to allocate these proceeds to an Eligible Green Loan Portfolio, that meet the Eligibility Criteria and in accordance with the evaluation and selection process

Proceeds Allocation

- Sufficient Eligible Green Loans will be designated in the Eligible Green Loan Portfolio to ensure that the size of the Eligible Green Loan Portfolio matches or exceeds the total balance of all outstanding Green Bonds.
- Additional Eligible Green Loans will be added to the Eligible Green Loan Portfolio to ensure the sufficient and timely allocation of the incremental net proceeds

Unallocated Proceeds

- Any unallocated Green Bond net proceeds will be invested in a liquidity portfolio in money market instruments

Green Portfolio

Current eligible portfolio in cover pool

| Criterion | Type of dwelling | Number of objects | Area total [m2] | Area financed by EBK total [m2] | Portfolio size [MNOK] |

| Green Residential Buildings | 16.42 | 100% | 100% | 75,255 | 9,332 |
| Total | 16.42 | 100% | 100% | 75,255 | 9,332 |

a/ Eligible category

b/ Amount committed by the issuer for the portfolio eligible for Green Bond financing

c/ This is the share of the total budget financing

d/ This is the share of the total portfolio costs that is Green Bond eligible

e/ Impact indicators

Impact - Average specific energy demand per m2 (kWh)

- Eika green bond portfolio has an estimated average energy consumption of less than 50 per cent of the Norwegian average
- **Estimated avoided CO2 emissions (entire pool) = 9,332 tons CO2/year on Eika funded share of collateral**

External Review

1 Second Party Opinion by ISS ESG

- Eika Boligkredditt has obtained an independent Second Party Opinion from ISS-ESG to confirm the validity of the Eika Boligkredditt's Green Bond Framework
- ISS ESG assessed the alignment of the Green Bond pool and the due diligence and selection processes in place, with the EU Taxonomy. Technical screening criteria and do no significant harm criteria have been taken into account

"The issuer's eligible category corresponds to the following EU Taxonomy category: "Acquisition and Ownership" (activity 8.4. of the EU Taxonomy). Based on robust processes for selection of Green Projects, the Green Bond asset pool is considered as aligned with the EU Taxonomy and the relevant activity-specific Technical Screening Criteria, Do No Significant Harm Criteria and Minimum Social Safeguards."

2 Pre-Issuance CBI Certification

- Eika Boligkredditt has received Pre-Issuance Certification from the CBI

| SPO SECTION | EVALUATION |
|--|---|
| Part 1: Issuer sustainability performance | Status: NOT PRIME Rating: C- Decile Rank: 3 |
| Part 2: Performance against the draft of EU GBS and GBPs | Positive |
| Part 3: Alignment of the asset pool with the EU Taxonomy | Positive |

Agenda

- The Norwegian economy
- Eika Alliance
- Eika Boligkreditt
- ESG at Eika
- Eika Boligkreditt' Green Bond Framework
- Appendix
- Disclaimer

Mortgage lending - Strong geographical diversification

Liquidity portfolio

- **The substitute assets constitute EIKBOL's liquidity buffer**
 - Minimum liquidity > 6% of outstanding covered bonds (hard limit)
 - Minimum liquidity > 100% of next 6 months redemptions (hard limit)
 - Internal target is to have liquid assets covering at least 75% of redemptions within the next 12 months

- **The Liquidity portfolio conforms to a conservative investment policy**
 - Nordic and German exposure, only NOK denominated
 - Portfolio weighted average time to maturity of maximum 2 years
 - An individual investment can have a remaining maturity of max 3.5 years
 - Rated AA-/Aa3 or better if the maturity exceeds 100 days, or A-/A3 if the maturity less than 100 days
 - Weighted average portfolio interest rate duration of less than 0.3 years, and individual securities less than 1 year

| Sectors and tenors | | | |
|-----------------------------|----------------------|-------------------|-------------|
| Sector | Market values (EUR) | In % of portfolio | TtM |
| Government bonds | 58,618,816 | 4 % | 0.32 |
| SSA's | 124,660,591 | 9 % | 1.30 |
| Local/Regional governments | 395,656,615 | 30 % | 0.41 |
| Covered Bonds | 584,588,144 | 44 % | 1.69 |
| Public Sector Covered Bonds | 126,470,568 | 9 % | 1.99 |
| Bank deposits | 41,562,775 | 3 % | 0.00 |
| Total portfolio | 1,331,557,509 | 100 % | 1.19 |

Liquidity portfolio by sectors

Strong incentive structure

With regards to the mortgages in the Eika Boligkreditt cover pool there is a 2-pillar guarantee mechanism; this is to ensure that the originating banks are held responsible for potential losses on mortgages transferred to Eika Boligkreditt

I Loss Guarantee

- 80% of any losses, including unpaid interest, on mortgages in EBK's portfolio will be covered by the owner bank
- The guarantee from an owner bank will have a floor of (i) NOK 5 million; or (ii) 100 per cent. of the relevant owner bank's loan portfolio if it is lower than NOK 5 million
- The guarantee from an owner bank is limited to 1% of the owner bank's total portfolio
- 100% of the loan is guaranteed by the bank until the collateral is registered

II Set-off rights

- The remaining 20% of the losses will be covered by a counter-claim on all commission receivables due from EBK to each owner bank
- The set-off rights are limited to a period of up to 12 months after such losses are incurred.

LCR Level 1 Eligibility

- All EUR denominated Covered bonds issued by Eika Boligkreditt AS fulfil the requirements to qualify as Level 1 assets pursuant to Commission Delegated Regulation (EU) 2015/61 regarding liquidity coverage requirement for credit institutions (“LCR regulation”).
- With reference to Article 10(1)(f) of the LCR-regulation, Eika Boligkreditt AS confirms the following:
 - Covered bonds issued by Eika Boligkreditt AS meet the requirements to be eligible for the treatment set out in Article 129(4) of Regulation (EU) No 575/2013 (“CRR”) and the requirements referred to in Article 52(4) of Directive 2009/65/EC, cf. the European Commission’s website: http://ec.europa.eu/finance/investment/legal_texts/index_en.htm
 - The exposures to institutions in the cover pool meet the conditions laid down in Article 129(1)(c) and in Article 129(1) last subparagraph of CRR
 - Eika Boligkreditt AS gives the information required in Article 129(7) of CRR to its investors: <http://eikabk.no/investorrelations/coverpool>
 - Covered bonds issued by Eika Boligkreditt AS are assigned a credit assessment by a nominated ECAI which is at least credit quality step 1 in accordance with Article 129(4) of CRR, and the equivalent credit quality step in the event of short term credit assessment
 - Eika Boligkreditt AS’ EMTCN Programme requires a level of overcollateralization higher than the 2% needed for LCR level 1 classification

Comparison of legal frameworks for covered bonds

Eika Boligkreditt –changes in the business model in 2019

We have changed the following elements in the business model:

- Maximum LTV – increased the maximum LTV from 60% to the regulatory maximum of 75%.
 - This involves establishing a revolving credit facility (RCF) between Eika Boligkreditt (borrower) and Eika Banks (lender) financing the parts of mortgages exceeding 75% based on current valuation
 - There is a cap on the size of the RCF. The cap is the split amount of the mortgages exceeding 60% LTV based on the original collateral valuation
 - Eika Boligkreditt have to monitor the development in collateral values in the cover pool and have to set new collateral values triggered by significant decreases in collateral values
 - The changes are regulated in a supplement to the distribution agreement. It is voluntary for each Eika Bank to enter into the supplement enabling the increase in maximum LTV
 - This was approved by the board in Eika Boligkreditt November 7th 2019 and the supplement will be made available for the banks on request from November 2019
- ROE target
 - from 3 month NIBOR + 2.0%-points to 0.0%. 100% per cent of the value creation is paid as commission instead of split between dividend and commission. This was approved by the board in Eika Boligkreditt June 19th 2019 and took effect in the transfer pricing July 1st 2019

Cancellation of distribution agreement

- An EIKBOL Distributor (**EBKD**) can terminate the distribution agreement with EIKBOL with 3 months notice
- EIKBOL can terminate a distribution agreement with an EBKD with 12 months notice
- In the event a distribution agreement is terminated, obligations continues to apply with regards to the various agreements;
 - At the expiry date for the distribution agreement, the EBKD will no longer have the right to transfer new residential mortgages to EIKBOL
 - The EKBD is required to uphold its mortgage portfolio in line with the redemptions of EIKBOL's funding
 - The EBKD has continued responsibilities for servicing the mortgages in the existing residential mortgage portfolio, including other rights and obligations pursuant to the guarantee, custody, commission and shareholder agreements and the agreement on the purchase of covered bonds

Example of an EBKD's redemption profile

Mergers Eika banks in 2019

Lofoten Sparebank and Harstad Sparebank

- Merged January 1st 2019
- The name of the merged bank is Sparebank 68 grader nord
- Tore Karlsen, CEO in Harstad Sparebank, is CEO in the merged bank
- Total assets, including transferred to Eika Boligkreditt, of NOK 6.4 billion
- Rationales for the merger was to improve competitiveness while still being present in local markets, improve profitability and further enhance ability to contribute to develop their local communities

Indre Sogn, Aurland and Vik Sparebank

- Merged April 1st 2019
- The name for the merged bank is Sogn Sparebank
- Mads Indrehus, former CEO in Vik Sparebank, is CEO in the merged bank and Morten Kristiansen, former chair in the board of Indre Sogn will be chair of the board in the merged bank
- Total assets, including transferred to Eika Boligkreditt, of NOK 7.6 billion
- Rationales for the merger was to improve competitiveness in local markets, expand market reach, improve cost efficacy and attractiveness as an employer and further enhance ability to contribute to develop their local communities

Kvinesdal Sparebank and Flekkefjord Sparebank

- April 30th 2019 the boards in the banks announced starting negotiations with the intention to merge the
- ... a member in The Eika Alliance while ... Sparebank is a collaborating partner in ... consisting of 9 saving banks on the ... of Norway
- Currently ... if the merged bank will join the Eika A.
- The proposed name ... bank is Lister Sparebank
- Jan Kåre Eie, CEO in Flekkefjord ... is ... dal Sparebank will propose the chair in ... merged bank
- Total assets, including transferred to Eika a. Boligkreditt, of NOK 11.6 billion
 - Rationales for considering to merge are to improve competitiveness in local markets, expand market reach, improved profitability and attractiveness as an employer and further enhance ability to contribute to develop their local communities

The banks terminated negotiations December 19th 2019

Mergers Eika banks in 2020

Stadsbygd Sparebank and Ørland Sparebank

- June 18th 2019 the boards in the banks announced starting negotiations with the intention to merge the banks
- February 24th 2020 the boards in the banks approved an agreement to merge the banks
- In April 2020 the boards announced putting the process on hold due to uncertainty because of the COVID-19 pandemic
- Both banks are among the 11 banks that have given notice of termination of its agreements with Eika Gruppen. The termination ends December 31st 2021
- Stadsbygd Sparebank merged with Ørland Sparebank with Ørland Sparebank as the continuing bank

Disclaimer

By attending a meeting where this presentation is held, or by reading the presentation slides, you agree to be bound by the following conditions:

This presentation does not constitute or form part of and should not be construed as, an offer to sell or issue or the solicitation of an offer to buy or acquire securities of Eika Boligkreditt AS (the “Company”), in any jurisdiction or an inducement to enter into investment activity. No part of this presentation, nor the fact of its distribution, should form the basis of, or be relied on in connection with, any contract or commitment or investment decision whatsoever.

This presentation has been prepared solely for use in connection with the presentation of the Company. The information contained in this document may not be reproduced, redistributed, passed on or published, in whole or in part, to any other person for any purpose. Failure to comply with this and the following restrictions may constitute a violation of applicable securities laws. No representation, warranty or undertaking, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information or the opinions contained herein. None of the Company or any of their respective affiliates, advisors, directors or employees shall have any liability whatsoever (in negligence or otherwise) for any loss howsoever arising from any use of this presentation or its contents or otherwise arising in connection with the presentation.

The statements contained in this presentation may include forward-looking statements such as statements of future expectations. These statements are based on the Company’s current views and assumptions and involve both known and unknown risks and uncertainties. Although the Company believes that the expectations reflected in any such forward-looking statements are reasonable, no assurance can be given that such expectations will prove to have been correct. Actual results, performance or events may differ materially from those set out or implied in the forward-looking statements. Important factors that may cause such a difference include, but are not limited to: (i) general economic conditions, (ii) performance of financial markets, including market volatility and liquidity (iii) the extent of credit defaults, (iv) interest rate levels, (v) currency exchange rates, (vi) changes in the competitive climate, (vii) changes in laws and regulations, (viii) changes in the policies of central banks and/ or foreign governments, or supra-national entities.

All opinions and estimates included in this presentation constitute the Company’s judgement, as of the date of the presentation and are subject to change without notice and the Company is not under any obligation to update or keep current the information contained herein.

This presentation is not an offer of securities for sale in the United States. Neither the presentation nor any copy of it may be taken or transmitted into United States, its territories or possessions or distributed, directly or indirectly, in the United States, its territories or possessions, except to qualified institutional buyers as defined in Rule 144A under the U.S. Securities Act of 1933, as amended (the “Securities Act”) or outside the United States in reliance on Regulation S under the Securities Act. Any failure to comply with this restriction may constitute a violation of the United States securities laws.

Additional information about the Company can be found at eikbol.no.
